

## 9th Advanced Course

In January 2015, we will gather at Val d'Isère for a week dedicated to shoulder arthroscopy. As well as lectures, technical presentations, debates, discussions and exchanges of ideas will be organised, in order to help clarifying our ideas on the extraordinary contribution of arthroscopy to shoulder surgery. # 9<sup>th</sup> ADVANCED COURSE ON *Shoulder Arthroscopy*

Val d'Isère – January 25<sup>th</sup> – 30<sup>th</sup> 2015

The 9<sup>th</sup> Advanced Course on Shoulder Arthroscopy was held in Val d'Isère, France on January 25<sup>th</sup>-30<sup>th</sup>, 2015. Dr. Warner participated on the Program committee and as faculty, as he has done since 2000. Our Fellow, Greg Mallo, attended the program as he was visiting and working with Laurent Lafosse this month. In the past many of our former fellows attend this fantastic meeting. John Goff (BOSSHIN Fellow, 2006-2007) attended this year (see below).

This remains the only week long Shoulder Arthroscopy course which covers the spectrum of treatment controversies and invites debate and discussion. This year over 300 participants attended from countries as far away as Israel and Korea. The next meeting is scheduled for January 2017. Mark your Calendar!!
