Register early as space is limited! Registration details at [www.bosshin.com/therapists\\_educational\\_opportunities/](http://www.bosshin.com/therapists_educational_opportunities/)  
Early registration deadline is **October 30, 2015**

## COURSE OVERVIEW

*This course will provide an update on the current evidence based practice for the surgical and rehabilitation management of the rotator cuff deficient shoulder. Participants will watch two live surgeries, which is a unique opportunity that will help one to better understand the surgical technique of arthroscopic rotator cuff repair and inverse shoulder arthroplasty. In addition, indications for rotator cuff repair, inverse shoulder arthroplasty, physical exam, imaging, rehabilitation management, and outcomes assessment will be presented.*
